2. Purpose: This policy memorandum establishes procedures for administering the MNF-I Awards Program for units in support of OPERATION IRAQI FREEDOM. It applies to personnel and units assigned, attached, or Operational Control (OPCON) to MNF-I.

3. Awards Guidance: It is the Commander MNF-I's intent that all soldiers deserving an award leave the theater with award in hand.

MNFI-SP

SUBJECT: Multi-National Force-Iraq Command (MNF-I) Wartime Awards Policy

a. Processing: Commanders of units task organized under MNF-I will process requests through the MNF-I Deputy Chief of Staff, Personnel (DCSPER) for those awards not covered by their respective delegated award approval authority. Faxed or scanned documents are acceptable.

b. Awards Submission Timelines:

(1) Army awards to U. S. Army Soldiers and Joint awards for all Services: Award Recommendations for Army Silver Star (SS) and below and Joint Defense Meritorious Service Medal (DMSM) and below should be submitted to MNF-I DCSPER NLT 30 days prior to departure. Recommendations above SS or DMSM should be submitted NLT 90 prior to departure to ensure sufficient time for processing at higher levels.

(2) Army awards to Sister Services: Those desiring to submit awards for members of other services need to submit NLT 60 days in advance to allow for processing at service headquarters as defined in the Iraqi Theater of operation.

(3) Army awards to Foreign Military: Those desiring to submit awards to military members of other nations need to submit NLT 90 days in advance.

c. Awards Submissions:

(1) Awards Criteria: See appendix D (Award criteria) for Army and Joint awards not covered in this policy can also be found in references 1a thru 1d above.

(2) Recommendation Requirements:

(a) Signature: All valor award recommendations will route through a Flag Officer for signature; all SS and above award recommendations will at a minimum be signed by a division level commander or equivalent MG staff principal; all other award recommendations will at a minimum have an O-6 signature prior to turn-in to MNF-I DCSPER. Those organizations without an appropriate level officer will route recommendations through the Chief of Staff for signature.

(b) Forms/Narrative/Citations: See Appendix E (Examples) for specifications and examples. Narratives need to distinguish an individual's accomplishments and should be unique to the individual recommended. Award recommendations should not be "cookie cutter". Cookie cutter awards are several awards from a particular unit or section that look exactly alike except for the name and duty position. Cookie cutter award recommendations will lose the vote of the recommender and intermediate authorities and are subject to disapproval or downgrade.

(3) SVC vs. ACH:

(a) TDY/TCS/ Deployment: The general rule of thumb for submitting individuals for awards for 6 months or less is categorized as Achievement to allow the parent command of the individual to recognize service prior to and after deployment. Anything over 6 months is generally considered as recognition for Service unless it would also interfere with the parent unit's ability to recognize service time before deployment.

MNFI-SP

SUBJECT: Multi-National Force-Iraq Command (MNF-I) Wartime Awards Policy

(b) PCS/Mobilization: Service awards are based on accomplishments during an entire tour of duty. Anything less than the whole time on station would generally be considered for Achievement.

d. Impact Awards: An impact award is a personal decoration for a specific act or accomplishment of such magnitude that immediate recognition is necessary to fully reward the performance being cited. The awards approval authority must have personal knowledge of the act or accomplishment, whether by having observed the act, or by having it immediately reported to him/her by a reliable eyewitness or other dependable source. If a commander personally approves the impact award "on the spot", an appropriate Form (DA Form 638, CC Form 25), short narrative, and final citation should be prepared and submitted to the appropriate orders issuing authority by the service member's chain of supervision within 7 days of approval. Indicate "Impact Award" in pen at the bottom of the form, narrative, and citation. Only impact awards may be processed in this manner. All other routine award recommendations must be processed through the delegated awards approval authority.

e. Reconsideration of Previously Disapproved or Downgraded Awards: Recommending officials may request reconsideration of a disapproved or downgraded award within 60 days from the date of the approving authority's decision. Reconsideration requests will be submitted by memo through the appropriate orders issuing authority to the approval authority. The memo will cite specific reasons or new evidence supporting award and will have the original award recommendation attached. Such recommendations will be considered on a case-by-case basis. A one-time reconsideration by the approval authority shall be final.

f. Peacetime Awards: In accordance with reference 1p & 1t, the Meritorious Service Medal (MSM), and Army Achievement Medal (AAM) are peacetime awards and will not be awarded for service in the wartime theater of operations. These award recommendations will be processed through the Soldier's normal peacetime chain of command. If a Soldier, due to PCS/ETS/RET, was also actively engaged in support of OIF, they can be recommended for a wartime achievement award if the commander deems their actions warrant such an award. Commanders are reminded of the rules pertaining to duplicate recognition as outlined in reference 1c, para 1-18.

g. Wartime Awards:

(1) OIF Area Of Responsibility (AOR): For Army wartime awards approval purposes, the AOR for OPERATION IRAQI FREEDOM is defined as areas within Iraq, Kuwait, Qatar, Bahrain, United Arab Emirates, Oman, Saudi Arabia, Jordan, and Egypt effective 19 March 2003. Soldiers will have been deployed in the CENTCOM area of operations, or participated in OIF while deployed in Turkey or Israel. Soldiers who were deployed in the area of operations on training exercises or in support of operations other than OIF are not authorized the SSI-FWTS, unless those exercises or operations became combat or support missions to OIF.

(b) The following guidance in order of precedence is provided for determining the appropriate SSI for wear as the SSI-FWTS.

(1) A deployed unit that is authorized to wear a SSI in its own right per AR 670-1, para 28-16 will wear that unit's SSI as the SSI-FWTS regardless of whether the Headquarters element deploys.

MNFI-SP

SUBJECT: Multi-National Force-Iraq Command (MNF-I) Wartime Awards Policy

(2) When a unit not entitled to its own SSI deploys, the command relationship in order of precedence determines which SSI soldiers wear. Units or individuals who deployed with, attached to, or were OPCON to a unit in the CENTCOM AOR will wear the unit to which they were deployed with, attached to, or OPCON.

(3) A task force created of soldiers from different units, formed specifically for the purpose of accomplishing a mission assigned by a higher headquarters, will wear the Third Army SSI.

(4) Soldiers who are cross-leveled, attached, augmented to deploying units, or TDY will wear the same SSI-FWTS worn by members of the deployed unit to which attached or OPCON. This does not apply to members of the Trial Defense and CIDC, who will wear the SSI of their respective command as their SSI-FWTS.

(5) Soldiers deployed within the CENTCOM AOR who do not fall into one of the above categories will wear the Multi-National Force-Iraq SSI.

(6) Soldiers authorized to wear more than one SSI-FWTS may choose which SSI-FWTS they wear. Soldiers may also elect not to wear the SSI-FWTS. There are no orders issued for wear of the SSI-FWTS. In accordance with AR 600-8-104, military personnel officers may use documents such as orders, manifests, pay-related documents, DA Forms 4187, or memorandums signed by the commander to properly annotate soldier records with entries for combat service and overseas bars.

(5) Overseas Service Bar: is authorized in accordance with reference 1d para 28-28(13), & 1f above, for each 6-month period of Federal Service as a member of a U.S. service deployed in the CENTCOM AOR as defined in paragraph 4a. The months of arrival to and departure from the area of operation are counted as whole months. Soldiers who serve as members of a U.S. Armed service for periods of less than 6 months, that otherwise meet the requirements for the award of Overseas Service Bars, may combine periods by adding the number of months to determine creditable service toward the total of Overseas Service Bars.

h. Unit Awards: In accordance with reference 1c, paragraphs 7-13 through 7-15, & 1u above, Presidential Unit Citation recommendations will be initiated by the requesting commander and forwarded through MNF-I DCSPER Awards to AHRC for processing. All Army awards recommendations for LOM or for grades above Colonel must be forwarded through COMMNF-I to AHRC for processing. Appropriate clearances (as outlined in ref 1a) must be received prior to approval of award recommendations. Award recommendations will be processed IAW Appendix B (Awards to Foreign Personnel).

MNFI-SP

SUBJECT: Multi-National Force-Iraq Command (MNF-I) Wartime Awards Policy

j. Awards to Sister Service Members: In accordance with reference 1o & 1t, above, Wartime awards will not be made to a member of another service without concurrence from the military department concerned. Award recommendations will be processed IAW Appendix C (Awards to Sister Services).

k. Certificates of Achievement (COA): In lieu of individual decorations described above, individuals may receive a COA. The COA is awarded to civilians, US and Foreign Soldiers for periods of faithful service or acts of achievement. The approval authority for COA's to Foreign Soldiers is CDR, MNF-I and is requested in writing to MNF-I DCSPER. See Appendix E for example. MNF-I Chief of Staff and Staff principles have the authority to award the MNF-I COA to civilians and US Soldiers on behalf of the CDR, MNF-I. Requests for CDR MNF-I signature will be submitted in writing to MNF-I DCSPER. Certificate template can be obtained from MNF-I DCSPER Awards. Subordinate commands may establish their own COA if desired.

5. Wartime Award Certificate and Medal set requisition: Initial requests for wartime award medal sets can be submitted thru chain of command channels to the MNF-I DCSPER. Upon a new commands arrival into the AOR, the unit will provide the Department of Defense Activity Address Code (DODAAC) information thru chain of command channels to the MNF-I DCSPER. DODAACs for delegated approval authorities must be coded to allow for the delegated commands to requisition their own medal sets. Units leaving the AOR will have their DODAAC information revoked after the approval authorities depart the AOR. The following wartime award certificates can be requested thru chain of command channels from the MNF-I DCSPER via memorandum:

- f. DA Form 49-80-14 Army Commendation Medal (ARCOM).
- g. DA Form 4980-10 Purple Heart (PH).

6. Awards Reporting: In accordance with reference 1q above, awards presented in recognition of service for valor and achievement will be accurately recorded so that data may be captured for historical and policy evaluation purposes. Each Major Subordinate Command (MSC) will provide the MNF-I DCSPER Awards, on a monthly basis, a Wartime Awards Approval Report consisting of awards processed by the MSC and its subordinate units. The report will include the number of decorations awarded indicating awards presented by rank, category (valor, service, achievement), and by component (active, reserve, national guard), also a by name alphabetical listing of all valor awards will be included. The report should also include the number of combat badges and PHs awarded in connection with the operation. In accordance with reference 1t, copies of all approved SS certificates, citations, and orders will be forwarded with the monthly report. In addition, a wartime awards stockage report will accompany the

monthly report. The cut-off for the monthly wartime report is the last day of the month. MSCs will submit reports to MNF-I DCSPER Awards by the 10th working day of the following month.

7. To preserve the integrity of the Army Awards Program and to ensure meaningful recognition for truly deserving soldiers, special care should be exercised so that military decorations for meritorious and valorous achievement or service are only approved for those who truly distinguish themselves from among their comrades by exceptional performance in combat or in support of combat operations. To ensure maximum benefit from the MNF-I Awards Policy, it is the responsibility of the supervisory chain to ensure that outstanding performance and contributions are recognized during the member's tour of duty.

(1) The Silver Star (SS), the Distinguished Flying Cross (DFC), the Bronze Star (BSM), and the Air Medal (AM) for valorous acts in combat in direct support of operations shall be based on an act or service that would satisfy the criteria governing the award of the decoration to a member of the Armed Forces of the United States. Appendix D: (Awards Criteria) MNF-I Wartime Awards Policy

Awards Criteria

Valor Award Recommendations: Must contain a description of the following elements: terrain and weather of the area in which the action took place; enemy conditions, to include morale, proximity, firepower, casualties and situation prior to, during and after the act; the effect of the act on the enemy; the action of comrades in the immediate vicinity of the act and the degree of their participation in the act; if the act was occurred in aerial flight, the type and position of the aircraft and the individual's crew position; the degree to which the act was voluntary; the degree to which the act was outstanding and exceeded what was normally expected of the individual; all unusual circumstances; and overall effects or results of the act. Awards for Valor are BSM, AM, ARCOM, & JSCM accompanied by the bronze "V" device.

Heroism Award Recommendations: will contain statements of eyewitnesses, preferably in the form of certificates, affidavits, or sworn statements; extracts from official records; sketches; maps; diagrams; photographs; and so forth, which support and amplify stated facts for the heroism award. Awards for heroism are MOH, DSC, SS, DFC, & SM.

1. Medal of Honor: The MOH is awarded by the President in the name of Congress to a person who, while a member of the Army, distinguishes himself or herself conspicuously by gallantry and intrepidity at the risk of his or her life above and beyond the call of duty while engaged in an action against the enemy of the United States; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The deed performed must have been one of personal bravery or self-sacrifice so conspicuous as to clearly distinguish the individual above his comrades and must have involved risk of life. Incontestable proof of the performance of the service will be exacted and each recommendation for the award of this decoration will be considered on the standard of extraordinary merit.

2. Distinguished Service Cross: The DSC is awarded to a person who, while serving in any capacity with the Army, distinguished himself or herself by extraordinary heroism not justifying the award of a Medal of Honor; while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The act or acts of heroism must have been so notable and have involved risk of life so extraordinary as to set the individual apart from his or her comrades.

3. Defense Distinguished Service Medal: The DDSM shall only be awarded to officers of the Armed Forces of the United States whose exceptional performance of duty and contributions to national security or defense have been at the highest levels. Such officers have direct and ultimate responsibility for a major activity or program that significantly influences the policies of the U.S Government. Only under the most unusual circumstances will the DDSM be awarded as an impact award for outstanding TDY achievement. The DDSM is specifically intended to recognize exceptionally distinguished service and to honor an individual's accomplishments over a sustained period of time. Level of responsibility normally Chairman, Joint Chiefs of Staff, the Chiefs and the Vice Chiefs of the Military Services, including the CINCs and Deputy Cincs of the Unified Combatant Commands.

4. Distinguished Service Medal: The DSM is awarded to any person who, while serving in any capacity with the U.S. Army, has distinguished himself or herself by exceptionally meritorious service to the Government in a duty of great responsibility. The performance must be such as to merit recognition for service which is clearly exceptional. Exceptional performance of normal duty will not alone justify an award of this decoration. For service not related to actual war, the term "duty of great responsibility"

Appendix D: (Awards Criteria) MNF-I Wartime Awards Policy

applies to a narrower range of positions than in time of war and requires evidence of conspicuously significant achievement. However, justification of the award may accrue by virtue of exceptionally meritorious service in a succession of high positions of great importance.

5. Silver Star: The SS is awarded to a person who, while serving in any capacity with the U.S. Army, is cited for gallantry in action against an enemy of the United States while engaged in military operations involving conflict with an opposing foreign force, or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party. The required gallantry, while of a lesser degree than that required for the Distinguished Service Cross, must nevertheless have been performed with marked distinction.

6. Defense Superior Service Medal: The DSSM shall be awarded only to members of the Armed Forces of the United States who rendered superior meritorious service in a position of significant responsibility. Only under the most unusual circumstances will the DSSM be awarded as an impact award for outstanding TDY achievement. The DSSM is specifically intended to recognize exceptionally superior service and to honor an individual's accomplishments over a sustained period. Level of responsibility normally O6 Division Chiefs and higher through the grade of O8.

7. Legion of Merit: The LOM is awarded to any member of the Armed Forces of the United States or a Friendly Foreign nation who has distinguished himself or herself by exceptionally meritorious conduct in the performance of outstanding services and achievements. The performance must have been such as to merit recognition of key individuals for service rendered in a clearly exceptional manner. Performance of duties normal to the grade, branch, specialty, or assignment, and experience of an individual is not an adequate basis for this award. For service not related to actual war, the term "key individuals: applies to a narrower range of positions than in time of war and requires evidence of significant achievement.

8. Distinguished Flying Cross: The DFC is awarded to any person who, while serving in any capacity with the Army of the United States, distinguished himself or herself by heroism or extraordinary achievement while participating in aerial flight. The performance of the act of heroism must be evidenced by voluntary action above and beyond the call of duty. The extraordinary achievement must have resulted in an accomplishment so exceptional and outstanding as to clearly set the individual apart from his or her comrades or from other persons in similar circumstances. Awards will be made only to recognize single acts of heroism or extraordinary achievement and will not be made in recognition of sustained operational activities against an armed enemy.

9. Soldier's Medal: the SM is awarded to any person of the Armed Forces of the United States or of a friendly foreign nation who, while serving in any capacity with the Army of the United States, distinguished himself or herself by heroism not involving actual conflict with an enemy. The same degree of heroism is required as for the award of the Distinguished Flying Cross. The performance must have involved personal hazard or danger and the voluntary risk of life under conditions not involving conflict with an armed enemy. Awards will not be made solely on the basis of having saved a life.

10. Defense Meritorious Service Medal: The DMSM shall only be awarded to members of the Armed Forces of the United States who, while serving in a joint activity, distinguished themselves by non-combat meritorious achievement or service. Only under the most unusual circumstances will the DMSM be awarded as an impact award for outstanding TDY achievement. The DMSM is specifically intended to recognize exceptionally meritorious service performance and to honor an individual's accomplishments over a sustained period. Level of responsibility normally O4-O6, CW3-CW5, and E8-E9.

Appendix D: (Awards Criteria) MNF-I Wartime Awards Policy

11. Bronze Star Medal: The BSM is awarded to any person who, while serving in any capacity in or with the Army of the United States, distinguished himself or herself by heroic or meritorious achievement or service, not involving participation in aerial flight, in connection with military operations involving conflict with an opposing armed force in which the United States is not a belligerent party. Awards may be made for acts of heroism, performed under circumstances described above, which are of a lesser degree than required for the award of the Silver Star. The Bronze Star Medal may be awarded for meritorious achievement or meritorious service for recognition of single acts of merit or meritorious service. The lesser degree than that required for the award of the Legion of Merit must nevertheless have been meritorious and accomplished with distinction.

12. Air Medal: The AM is awarded to any person who, while serving in any capacity I or with the U.S. Army, will have distinguished himself or herself by meritorious achievement while participating in aerial flight. Awards may be made to recognize single acts of merit or heroism, or for meritorious service according to the following: Awards may be made for acts of heroism in connection with military operation against an armed enemy or while engaged in military operations involving conflict with an opposing armed force in which the United States is not a belligerent party, which are of a lesser degree than required for award of the Distinguished Flying Cross. Awards may be made for single acts of meritorious achievement, involving superior airmanship, which are of a lesser degree than required for award of the Distinguished Flying Cross, but nevertheless were accomplished with distinction beyond that normally expected. Awards for meritorious service may be made for sustained distinction in the performance of duties involving regular and frequent participation in aerial flight for a period of at least 6 months. In this regard, accumulation of a specified number of hours and missions will not serve as the basis for award of the Air Medal. Award of the Air Medal is primarily intended to recognize those personnel who are on current crewmember or non-crewmember flying status which requires them to participate in aerial flight on regular and frequent basis in the performance of their primary duties. However, is may also be awarded to certain other individuals whose combat duties require regular and frequent flying in other than a passenger status, or individuals who perform a particularly noteworthy act while performing the function of a crewmember, but who are not on flying status. These individuals must make a discernable contribution to the operational land combat mission or to the mission of the aircraft in flight.

13. Joint Service Commendation Medal: The JSCM shall be awarded to members of the Armed Forces of the United States who distinguished themselves by meritorious achievement or service. This decoration may also be approved for valor (heroism) in a designated combat area; with bronze "V" device, for valor in combat. Level of responsibility normally O1-O4, WO1-CW2, and exceptional enlisted personnel.

14. Army Commendation Medal: The ARCOM is awarded to any member of the Armed Forces of the United States who, while serving in any capacity with the Army, distinguishes himself or herself by heroism, meritorious achievement or meritorious service. Award may be made to a member of the Armed Forces of a friendly foreign nation who, distinguishes himself or herself by an act of heroism, extraordinary achievement, or meritorious service which has been of mutual benefit to a friendly foreign nation and the United States. Awards of the ARCOM may be made for acts of valor performed under circumstances described above which are of a lesser degree than required for award of the Bronze Star Medal. These acts may involve aerial flight. The ARCOM will not be awarded to general officers.

15. Joint Service Achievement Medal: The JSAM shall be awarded to members of the Armed Forces of the United States below the grade of O6 who distinguished themselves by outstanding performance of duty and meritorious achievement. This decoration is the normal decoration for exceptionally meritorious achievement in support of contingency operations or exercises; completion of special projects which

Appendix D: (Awards Criteria) MNF-I Wartime Awards Policy

merit recognition and for TDY assignments. Level of responsibility normally restricted to those officers and enlisted personnel whose performance has been excellent but at a lesser level than that of the JSCM.

16. Joint Civilian Service Commendation Award: The JCSCA award is granted to any Federal Government civilian employee of the Joint Staff, Combatant Commands, or joint Organizations reporting to or through the Chairman, or any other Federal Government employee designated by the combatant commander or head of the joint organization who has provided commendable service/achievement of major significance to the Department of Defense.

17. Joint Civilian Service Achievement Award: The JCSAA award is granted to any Federal Government civilian employee of the Joint Staff, Combatant Commands, or joint Organizations reporting to or through the Chairman, or any other Federal Government employee designated by the combatant commander or head of the joint organization who has provided commendable service/achievement of major significance to the Department of Defense but less in scope or impact than is required for award of the JCSCA.
